Subject: Trash TMDL Call follow-up - SF/DC Comparison
Attachments: Anacostia-SF Trash load comparison.xlsx

Hi All,

Just following up from our call this morning to provide the full analysis we performed investigating the potential applicability of San Francisco's trash loading rates to the Anacostia TMDL. The overall conclusion we reached was that the SF study did not lend itself to such a comparison. The attached spreadsheet provides more detail. It makes estimates of DC trash loads using San Francisco's loading rates where possible, but more importantly highlights the numerous ways the two jurisdictions' approaches aren't comparable.

Best,

Jonathan Champion
